Quick-and-Easy HST

## Gridster Bee • October 2024

Please use bright pinks, magentas, and fuchsias for the strawberry and bright greens or blue-greens for the leaves and stem. Low volume prints for background. No browns, batiks, batik-like prints, or holiday prints, or yellow-greens (Valentine/heart prints are fine)

Cut squares 2 1/2" square, and make a border of low-volume squares on side and bottom of strawberry.

Cut HST 3 1/4" squares, then trim HST to 2 1/2" (unfinished) – OR – As illustration shows, just seam together two regular squares on the diagonal, and trim (only one HST can be made this way). Discard excess triangles.
