

Stay-at-Home Round Robin•2026

Double Square Border

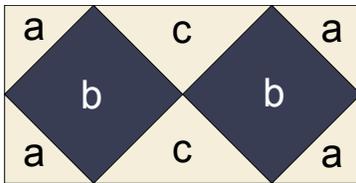

The theme this round was “Make it a Double” and so I did: double wee blocks interspersed by bands of background. Here are the dimensions and templates for what I did.

Illustration to left shows the plan. Inspired by Yvonne’s border #2, I decided to space them out, three units to one side, with a plain corner.

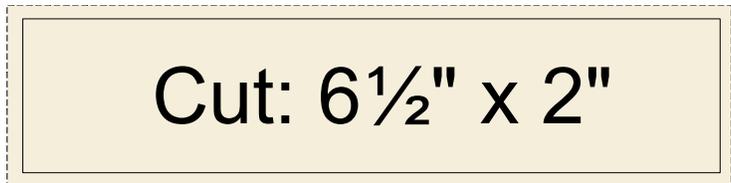

This is built on a three-inch base, so if you need to attach it to something that isn’t divisible by 3, either make your spacers longer, or add a coping strip to your existing quilt.

NOTE: Both the “a” triangle and the “c” triangle are cut the same size, even though they end up slightly different sizes in the block.

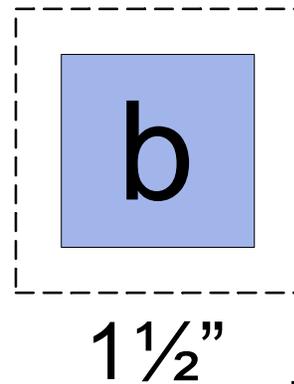

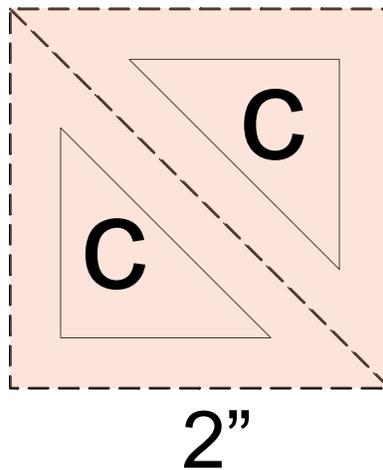

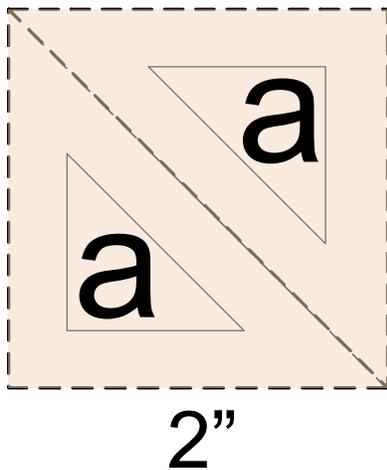

Double Square Border • from Elizabeth Eastmond of OPQuilt.com

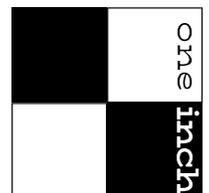

Basic Double square Block finishes at $1\frac{1}{2}'' \times 3''$

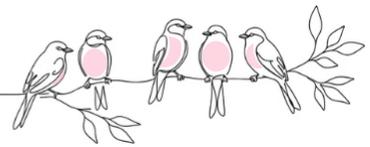

Basic Spacer finishes at $6'' \times 1\frac{1}{2}''$

Cut **a** and **c** squares; then cut in half diagonally.

Double Square Border Construction

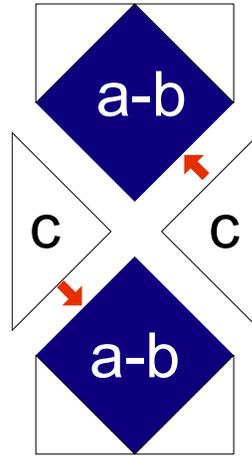

Double Square Border • from Elizabeth Eastmond of OPQuilt.com

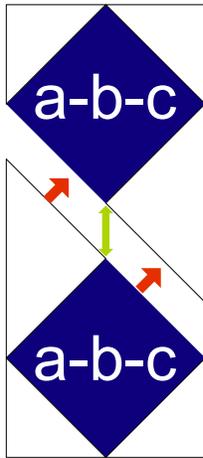

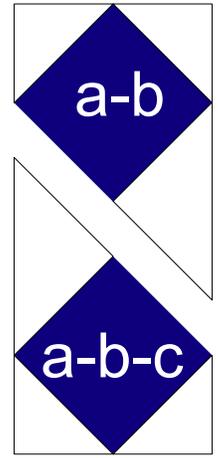

1. Arrange pieces.

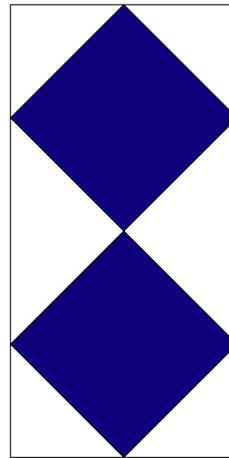

2. Join **a** triangles to edges of **b** squares, as shown. Trim any dog ears. Press to the dark.

3. Join one **c** triangle to edge of **a-b** square, as shown. Repeat.

4. Sew **a-b-c** units together, matching center seams (green arrow).

5. Trim to 1 1/2" by 3 1/2" inches.

Complete the remainder of Double Squares that you need for your border.

final quilt: 62" square

Write if you have any questions.
