

Stay-at-Home Round Robin • 2026 Trees for Neighborhood Border

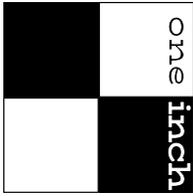

Trim tree to 4½" x 6"

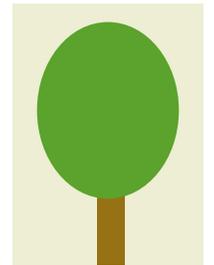

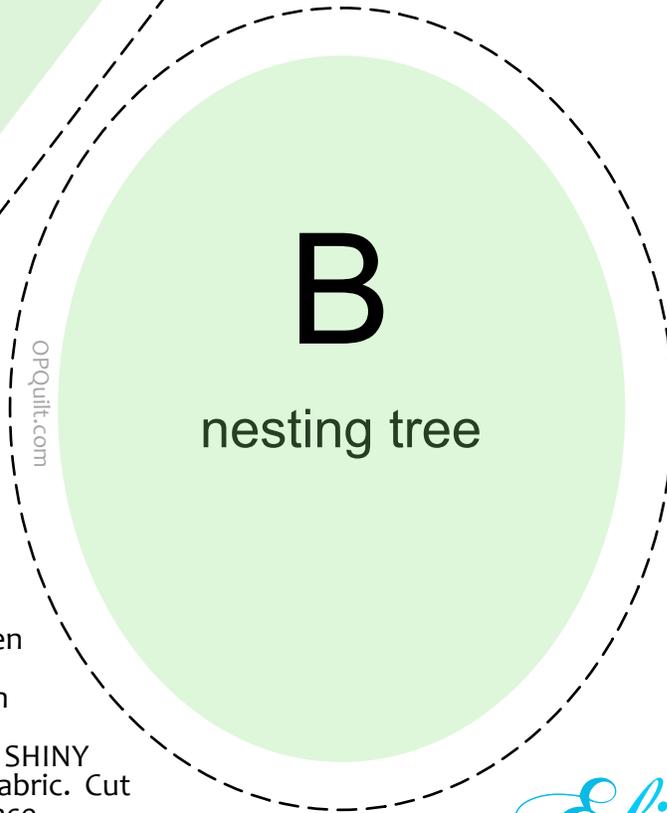

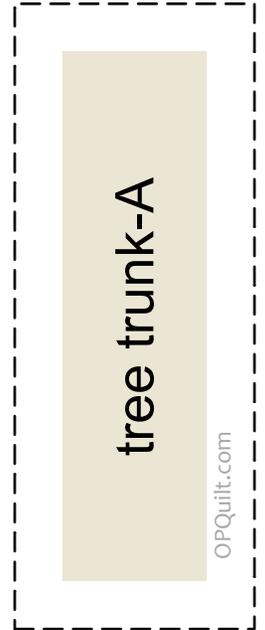

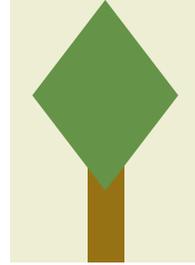

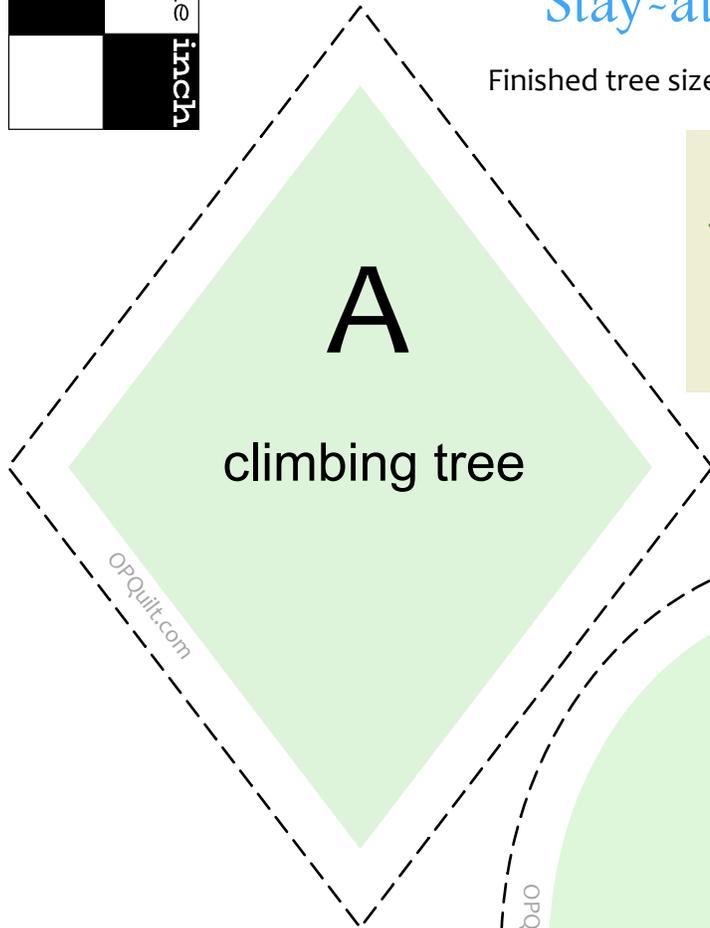

Finished tree size: 4" x 5½"

Stay-at-Home Round Robin • 2026

Finished tree size: 4" x 5 1/2"

Appliqué either trunk onto piece of 4 1/2" by 6" background fabric. Appliqué either tree canopy onto background, covering up top of trunk.

I often use freezer paper when appliquéing shapes like the nesting tree: cut out on green shape, discarding the seam allowance. Pin freezer paper SHINY SIDE UP onto wrong side of fabric. Cut out, adding 1/4" seam allowance.

With tip of hot iron, press seam allowance onto freezer paper, smoothing out curve. Let cool. Keep paper in while hand-stitching it to background, but when you get to the remaining 2" of stitching, take out the paper and finish the appliqué.
