- Cut 16 Background rectangles

Squares	Backgrounds	Granny Square Block Trimmed Size
1 ½"	1 ½" x 2"	5 ½"
1 ¾"	1 ¾" x 2 ¼"	6 ½"
2 ⅛"	2 ⅛" x 2 ⅝"	8 ½"
2 ½"	2 ½" x 3"	12" (sample)
3"	3" x 3 ½"	13 ½"

Note: I only tested the one that is highlighted, and took the other measurements from my pattern software. I'd suggest you create a test sample to try out the one you are interested in.

Tip for cutting Background Blocks:

Don't cut them square.

Add  $\frac{1}{2}$ " to one measurement. So if you are cutting 3-inch square blocks, cut instead 3" x 3  $\frac{1}{2}$ " rectangles. This gives you better trimming-up space.

While you can figure out what size you want to end up with, live dangerously and figure it from which size square you want to work with.

Be smart, and **trim one side at a time**, in spite of the cool illustration on the left. (See below.)
