Baby's Nine-Patch Quilt

from Elizabeth Eastmond, of OPQuilt.com

For thirteen nine-patch blocks:

- Cut 13 center 2 ½" blocks
- Cut 52 print 2 ½" blocks
- Cut 52 white 2 ½" blocks

Very Basic Recipe

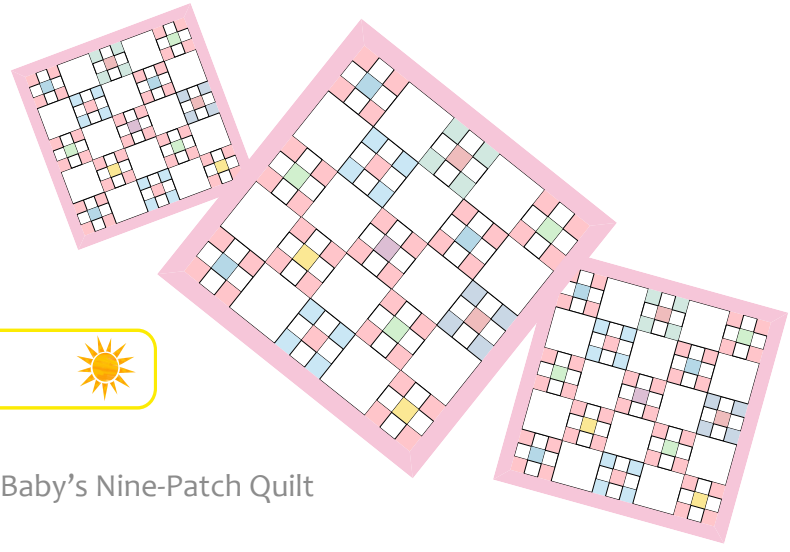

1. Make thirteen 9-patch blocks. Even if you are making a "pink" quilt, mix up some other hues to give it interest. Trim them all to 6½" square.
2. Twelve 6" solid squares (cut them 6 ½" inches, allowing for ¼" seam allowance).
3. Assemble into 5 rows of five blocks.
4. Four 2" borders (cut at 2 ½")
5. 34" overall size when finished.
6. Arrange squares. Sew in rows, then sew rows together.
7. Layer with batting and backing, then quilt and bind.
